Buyer of Our Smart package with a golden number is entitled to a 1 year grace period for payment for the service “Golden Number Choice”. To participate in the promo event, purchase Our Smart package with “Golden Number Package” sticker wherein the “golden number” is already included in the start package of services; fill out and sign the form thereby agreeing to the terms and conditions of the promo; comply with terms and conditions of the promo event in a proper manner.

The subscriber who complies with terms and conditions over the year becomes exempt from obligation to pay for the service “Golden Number Choice”. In the event of early termination of participation in the promo event, the subscriber shall forfeit the right for the grace period and shall pay the cost of the service “Golden Number Choice” – RUB 1,500.00 (VAT included) in accordance with terms and conditions of the promo event. For purposes herein, early termination shall include:

- changing the rate plans (ULTRA plan excluded) within four months following the package activation;
- contract termination (including migration of number to another operator) over the period of one year following the package activation.

Over the period of four months following the package activation, the participants are entitled to “Voluntary blocking” option on the terms and conditions other than standard – starting on the 15th day, the service will cost RUB 35.7.

The rates above shall be effective from 03.04.2018 for subscribers in Moscow and Moscow Region, providing however they are physically located in Moscow and Moscow Region, and within MTS network all over Russia

Rate plan is based on prepayment.

This rate plan is not available for modems. Internet access will be limited if SIM cards with this plan are used in a modem. Recommended modem plan – “For Laptop”.

1.1. . Once you join this plan, fees will be charged at the rate 33.33 RUB/day over Month 1.

For those changing to this plan, monthly fee will be charged in full on the date of change. Since Month 2 and on, full monthly fee will be charged on a monthly basis, starting from Month 2, on the date that corresponds to the date of activation/change, regardless of the balance on your account.

- If at the time of charging the number is blocked, the amount will be charged on the date of unblocking.

- If the next calendar month has no date similar to the activation date, the fee shall be charged on the last day of the calendar month (i.e., if the subscriber activated/changed to the plan on Day 31, the monthly fee will be charged on Day 30);

- no fee will be charged for a full month over which the subscriber was blocked.

First package of minutes, SMS and Internet will be provided on the date of activation/changing of plan in full. Each subsequent package of minutes, SMS and Internet will be provided in full on a monthly basis, starting from Month 2, on the date corresponding to the date of activation/change of plan. The unused minutes, SMS and Internet traffic will not be added to the next month's package.

1.2.

Upon activation/change of the number to landline, the service app will automatically add a new option – “Unlimited Direct Call Forwarding” / “OFS TSS Landline Number” / “SCS Sovintel Landline Number” (depending on the number activated or the numbering capacity used). This option cannot be cancelled and it will be removed automatically once the subscriber changes to federal number.

Fee for any of the services above – 304.80 RUB/month.

The fee for “Unlimited Direct Call Forwarding” / “OFS TSS Landline Number” / “SCS Sovintel Landline Number” in the amount of 304.80 RUB/month will be debited from your account in equal installments on a daily basis over each calendar month.

Activation of “Unlimited Direct Call Forwarding” will automatically activate a free service – “City Number”.

“City Number” means that you will be given an additional Moscow number with area code “495” with calls redirected to area code “985” with seven-digits of the numbers coinciding.

Activation of any service “OFS TSS Landline Number” / “SCS Sovintel Landline Number” will automatically activate free service “Contract with OFS”.

“SCS Sovintel Landline Number” or “OFS TSS Landline Number” is the service provided by landline provider LLC Vypelkom / LLC TechStandart-S under a trilateral contract between the Subscriber, PAO MTS and LLC Vypelkom / LLC TechStandart-S. The service implies provision of an additional number in the local landline network of Moscow City within area code ABC=495 without arrangement of a service link with incoming calls redirect to the Subscriber's number with area code DEF (PAO MTS network).

## 2.1.

Mobile Internet access points - internet.mts.ru, wap.mts.ru.

In the Chukotka Autonomous Region the Internet connection rate is limited to 128 Kbits; in all other regions of Russia the Internet connection rate is not limited.

The Internet connection rate may be limited whenever the network is overloaded.

After depletion of the Internet package provided under the plan, you will automatically get new Internet packages until the main package under the plan is renewed.

Each additional Internet package is 1 GB for 150 RUB. The additional Internet packages are valid in the MTS network all over Russia. You may get up to 15 additional Internet packages a month. Upon depletion of Package 15, the subscriber may continue using the Internet by activating Turbo Button.

To cancel the additional Internet packages, dial \*111\*936#. In the event of cancellation of the additional packages and depletion of the Internet package provided under the plan, the subscriber may purchase the required traffic by activating Turbo Buttons.

## 5.

Total data sent and received is rounded upwards with precision up to 100 KB for traffic through access points internet.mts.ru, wap.mts.ru at the end of each Internet session, and every hour when the Internet session goes on. 1 KB = 1,024 bytes, 1 MB = 1,024 KB.

Rates for data transmission over the EDGE protocol or 3G or 4G are the same as for the Internet traffic

7.1. By default, this plan implies prepaid services. For credit payments use service "Total Trust".

The subscriber is deemed to have ordered "Total Trust" service at the time of choosing the Our Smart plan.

"Total Trust" services becomes effective after 6 months following the package activation, if:

- the activation date is after 01.04.2014;
- there are no amounts overdue from other personal accounts in the MTS;
- average amount charged over the last 3 months is at least RUB 1,300 (VAT included);
- amount charged during the month immediately preceding the commencement of the "Total Trust" service is at least RUB 1,300 (VAT included);
- the number was blocked for a period exceeding 1 day no more than 5 times over the last 3 months. Aggregate period of blocking shall not exceed 10 days.

For more details regarding this service visit [http://www.mts.ru/mob\\_connect/services/opportunity/ind\\_credit/](http://www.mts.ru/mob_connect/services/opportunity/ind_credit/)

You may personally activate "Total Trust" in accordance with terms and conditions of the service.

The GOOD'OK and Smart music package are included in the start package at the time of activation. The GOOD'OK and Smart music are free of charge for 60 days following the activation of Smart under the existing plan or until the change to a plan other than Smart package. Upon expiry of 60 days following the activation date, the Smart package will terminate automatically. If no tunes are connected, the GOOD'OK will terminate automatically at the same time with the Smart music service. For details regarding the GOOD'OK visit <http://www.goodok.mts.ru/about>

"Call Missed!" service is free within the "Our Smart" plan (100% discount on daily payment for the service)

"Content Ban" blocks the orders for content services. If the said services are already ordered, it will automatically unsubscribe them. This service is added to "Our Smart" plan automatically upon activation of the package. To deactivate, dial \*985#.

When you activate or change to "Our Smart" plan, option "Far Overseas" is activated automatically. If the option is active:

**Other Terms and Conditions for Subscribers:**

All prices are in Rubles, all applicable taxes included.

Billing by the minute. All outgoing calls over 3 seconds long are rounded up to the minute. Outgoing calls shorter than 3 seconds are free.

Redirected calls are billed to the number where they are redirected. Calls to federal numbers of subscribers of other mobile operators are billed to the region of call.

The abovementioned rates for data transmission/reception over the Internet shall apply, if no cost of traffic is mentioned for the users of resources with information and entertainment content.

Whenever access to paid resources is requested over the Internet, the Website will provide information about the cost and terms of access to the requested resource. Billing will commence after the user has agreed to the terms and conditions. The resource becomes accessible immediately upon the agreement.

The price is given for outgoing/incoming SMS to/from the numbers of mobile network subscribers. If the outgoing SMS is longer than 70 Cyrillic symbols or 160 Latin symbols, it will be split into parts and one part will be 67 or 153 symbols long respectively. Each part will be billed as a separate SMS.

Calls to short numbers (three to six digits) of the MTS network as well as access to services of the content provider through short numbers are billed separately. For more details regarding these services and prices go to Section “Short Number Services” on [www.mts.ru](http://www.mts.ru) or call contact center 8 800 250 0890 (0890 for MTS subscribers).

Outgoing calls to area code +883140 are billed at the rate of 10 RUB/minute (by the minute); activated discounts and options do not work here, and calls are not included in the packages; calls to numbers starting with this code within the MTS network can be made by all customers regardless of whether or not the option “International Access” or “Easy Roaming and International Access” is activated. Calls to +883140 are serviced by MTT OJSC.

Outgoing calls to: GTNT (+7954101), GlobalTel (+7954, excluding +7954101, +7954102 and +7954103), Vodafone M2M (+88239) are billed at the rate of 79 RUB/minute.

Activated discounts and options do not work for “Dedicated Networks”; calls to numbers starting with this code within the MTS network can be made by all customers regardless of whether or not the option “International Access” or “Easy Roaming and International Access” is activated.

Fax transmission/reception is billed at the rates applicable to voice transmission in accordance with the rate plan.

The subscriber whose balance is 0 RUB or smaller (but not lower than 300 RUB) will be entitled only to incoming calls, incoming SMS and calls to MTS service numbers for the next 61 days. If at the end of this period your balance is not higher than 0.01 RUB, you will no longer be able to use these services.

If the Subscriber does not use the MTS services over the period of 183 days by way of Subscriber(s) Number(s), this will be construed as the Subscriber's unilateral termination of contract with respect to the said number(s).

If paid communication services are not used by the Subscriber Number over the period of 159 days, and the personal account balance is positive, communication services shall be billed to this Subscriber Number under the plan “Basic 092013” (for details go to [www.mts.ru](http://www.mts.ru)).

Due to peculiar ways of distribution of radio waves and the local topography, the boundaries between Moscow and Moscow Region and the other regions are provisional.

On this rate plan, the cost of access to communication network is included in the price of the package. The rates for ICT services can be changed at no cost.

Daily payments under the rate plan shall be construed to mean the subscription fee. Mobile communication and mobile phones shall mean wireless telephone communication and telephone numbers of the subscribers of mobile communication providers respectively. City numbers shall mean telephone numbers of subscribers of the landline service providers.
